Case No. 18-cv-04081-BLF

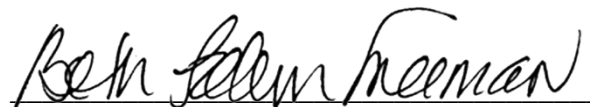

**ORDER CONSTRUING
DEFENDANT'S FILING AS A MOTION
FOR RECONSIDERATION; AND
SETTING DEADLINE FOR
OPPOSITION**

[Re: ECF 80]

15 On August 30, 2022, Defendant filed a Motion for Leave to File Motion for
16 Reconsideration (ECF 80) of the Court's order on the parties' cross-motions for summary
17 judgment. Because Defendant's filing is twenty pages in length – albeit in large font – and
18 appears to present all of Defendant's substantive arguments for reconsideration of the Court's
19 summary judgment ruling, the Court construes the filing as a motion for reconsideration, which
20 the Court will consider. Plaintiff SHALL file opposition, not to exceed ten pages, by September
21 9, 2022. The Court thereafter will decide the motion for reconsideration without oral argument.

22 **IT IS SO ORDERED.**
